Website security packages

450 433-3003

1 866 437-9058

All of our hosting packages include:

- ★ Daily backups
- ★ SSL certificate management
- ★ Cloudflare configuration
- ★ Support in case of hosting failure

* Emergency priority support is intended to quickly restore an inaccessible or failed site and make it functional again. Non-emergency requests will be prioritized during company business hours (9am-4pm / Monday-Friday). Causes of an emergency condition include: total site downtime, e-commerce or form failure, data loss or visual breakdown of the site preventing its proper functioning for users. Breakdowns and problems related to hosting will be taken into account only if the site is hosted by Voyou. Voyou reserves the right to assess the urgency of situations on a case-by-case basis. If the breakdowns on the site are caused by external manipulations, additional fees could be charged.
